

Before sewing tooth together,
strap is sandwiched between,
ends overlapped and hanging a bit over edge

Be careful when sewing not to
catch the strap in the seam

strap placement

make strap a long
enough loop to hang
over the door knob

mmmcra^{fts}

Tooth Pillow

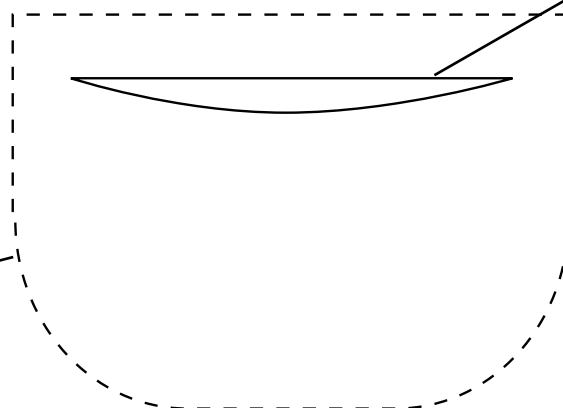

Cut 2 from felt

1/4 inch seam allowance

cut this slit for mouth

Glue a
piece of
felt behind
mouth
to form
pocket.

Glue around
entire edge.
(you don't
want to lose
the tooth!)
